

Anker Support Services Ltd Showcases Hilti's World-Class Construction Solutions at Big 5 Construct Nigeria

Lagos, Nigeria – 22nd - 24th Sept, 2026 – **Anker Support Services Ltd**, the Authorized Distributor of **Hilti** in Nigeria, is proud to announce its participation in **Big 5 Construct Nigeria**, Africa's premier construction and infrastructure exhibition. The event provides an opportunity for construction professionals, contractors, consultants, developers, and industry stakeholders to experience the latest innovations in productivity, safety, and sustainability from one of the world's leading construction technology companies.

At **Stand 1C60**, visitors will have the opportunity to explore Hilti's cutting-edge range of power tools, anchors, firestop systems, measuring equipment, diamond drilling and cutting solutions, fastening systems, and digital construction technologies designed to improve efficiency across every stage of construction.

Driving Productivity Through Innovation

As Nigeria continues to experience significant investment in infrastructure, commercial developments, energy projects, and industrial construction, Hilti remains committed to helping contractors deliver projects faster, safer, and more profitably.

"Our participation at Big 5 Construct Nigeria demonstrates our commitment to supporting the Nigerian construction industry with world-class technology and engineering expertise," said **Vivian Onwudi, Business Manager, Anker Support Services Ltd**.

"Construction today requires more than quality tools—it requires innovative solutions that increase productivity, enhance worker safety, and reduce total project costs. Through our partnership with Hilti, we are delivering exactly that to the Nigerian market."

Experience More Than Tools

Visitors to the Hilti stand will experience:

- Live product demonstrations
- Expert technical consultations
- Engineering support and application advice
- Digital construction workflow solutions
- Productivity-enhancing innovations
- Fleet Management solutions
- Fire protection and fastening systems
- Exclusive exhibition offers

Hilti specialists and Anker's technical sales team will be available throughout the exhibition to discuss project challenges and recommend tailored solutions for construction professionals.

Supporting Nigeria's Construction Industry

As Hilti's Authorized Distributor in Nigeria, **Anker Support Services Ltd** delivers more than premium products. The company provides comprehensive customer support including:

- Technical engineering services
- Product training
- On-site demonstrations
- After-sales support
- Tool servicing and repairs
- Fleet Management
- Project-specific application support

This integrated approach enables contractors and project owners to maximize productivity while reducing downtime and improving safety on site.
