Over Two Decades of Excellence in Bespoke Joinery and Security Solutions

BM Direct offers a vast range of timber and steel joinery. Our over 20 years of experience in the application of modern production processes and technology as well as our ability to successfully create customized versions have enabled us to remain on the cutting edge of innovation.

Working with BM Direct means being able to count on a strong and capable organization seeking to offer customers better designs and higher specifications while recognizing the customers' need for quality, flexibility, style and freedom of choice.

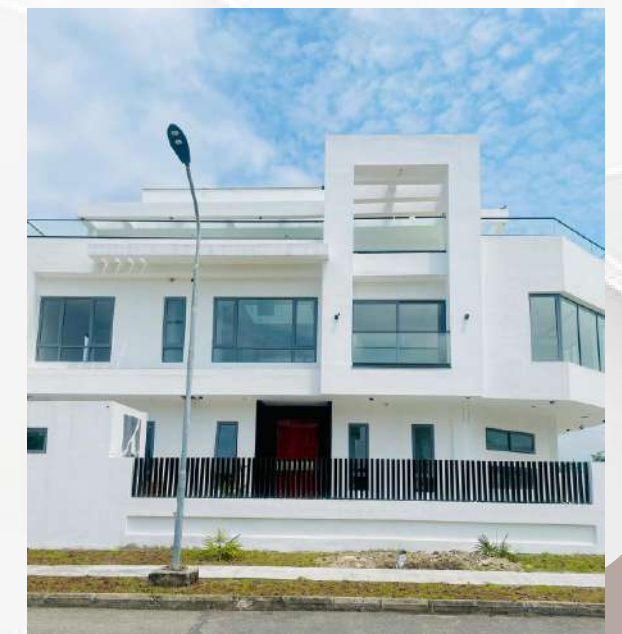

Nationwide and Beyond

Our products can be found across the country and even beyond its borders, a testament to the superior standards we uphold. From private homes to major companies, our doors and joinery solutions are trusted by a diverse range of clients.

Proudly Indigenous

As a proudly indigenous company, BM Direct is making a significant mark in the industry, consistently delivering exceptional value to our customers.
